Leather Wise Ltd Terms and Conditions of Business Basic Garment, Furniture, Footwear and Leathergoods Appraisal

Charges and expenses

Our standard fee for this service is £100 + VAT per item. This fee covers a visual assessment and up to a maximum of three basic microscopic, chemical or physical tests and the preparation of a technical report. If any further work is required to achieve a satisfactory conclusion this will be charged for on a time basis for which the current rate is £70.00 plus VAT per hour. If the use of specialised equipment e.g. SEM, X-ray microanalysis etc. is required this will be charged at £25 per hour + VAT in addition to the standard hourly rate. You will be consulted before we commence additional work. If the return of samples is requested postage, packaging and insurance will be charged at cost. If travelling is involved, there is a motoring expense of 40 pence per mile, or rail/air fare at cost plus subsistence if required. We will not conduct any work beyond that covered by the standard fee without your written permission. If further work is required, the final cost will largely depend on the complexity of the problem, but it is assured that all business will be attended to in a prompt and efficient manner. You may at any time request an estimate of our anticipated fees. Whilst we will endeavour to provide as accurate an estimation as possible, no estimate can be guaranteed due to the inevitable variation in complexity. If you wish to be regularly updated on the cost of a particular job, we would be pleased to do so upon request.

Billing arrangements

Invoices will be submitted upon completion of a job, unless it is a particularly extended investigation in which case interim payments may be requested to cover expenses incurred as the matter progresses. Interim payments will be itemised and offset against your final invoice.

Payment is due within 30 days of us sending you your invoice. Samples will not be returned until payment is received. Clients who default this arrangement will be required to work on a pro-forma invoice basis for any future work. We reserve the right to work on a pro-forma invoice basis with new clients.

Storage of samples and documents

After completion of your work, we will keep stable samples for a period of three months after which they will be destroyed in an appropriate manner unless it is requested that they be returned to you (postage, packaging and insurance chargeable at cost). Samples will not be returned until payment of our invoice is received. If the return of samples is not requested, we may occasionally ask to retain particularly unusual examples for training purposes. If permission from you to do this is forthcoming, we will ensure that samples remain anonymous.

Documents, paper copies of reports and suitable test pieces will be kept for a period of 2 years after which they will be appropriately destroyed. If long term storage of paper documents is requested this will be charged at £5 per month. Electronic copies of reports will be retained for a period of 5 years.

Termination

You may terminate your instructions in writing at any time. Any time spent or expenses incurred up to the point of termination will be applied at the indicated rate. We reserve the right to retain samples and documents until payment is made.

Insurance

Samples sent to Leather Wise Ltd for examination are insured whilst on our premises. If samples are to be returned, we will send them by means that insures them whilst in transit to you unless an alternative method of carriage is requested.
